DEWEY DOES GOOD WORK

Capture of Grande Island in Subig Bay is Accomplished

ENTIRE GARRISON OF OFFICERS AND MEN MADE PRISONERS

Hong Kong, July 13—Special—Admiral Dewey has won another important victory in the capture of Grande Island, Subig bay, the chief harbor of the Philippines. A strong Spanish garrison occupied the place, and Aguinaldo notified Dewey that he was unable to take it. Dewey dispatched the Concord and Raleigh to take the island and capture the garrison. The cruisers destroyed the earthworks and fortifications, and sent shells through the commander's house. The Spaniards then ran up the white flag. The entire garrison were made prisoners. Forty thousand rounds of ammunition, and one Hotchkiss gun were also captured. This victory gives the Americans control of Subig bay, and frustrates Germany's supposed plans to interfere in the Philippines. The garrison consisted of five hundred men. The commander gave up his sword without resistance.

Sagasta Must Remain.

London, July 13—Special—It now looks as if Sagasta would be compelled to remain at the head of the Spanish government despite himself. No one can be found willing to undertake the responsibility of forming a new ministry and piloting the nation through the pending crisis. This is looked upon as another omen for an early peace with the United States. Sagasta has long seen the hopelessness of the struggle, and has been urging upon the queen regent the expediency of making terms, but his advice has been ignored. Now he will be in a position to force his views upon the queen regent with a vigor hitherto impossible. He will be substantially the dictator of Spain's policy.

Truce Is Extended.

Washington, July 13—Special—Shafter just telegraphs that the truce has been extended until noon tomorrow. Toral and Shafter consulted regarding the surrender, and Toral declared that he could not surrender without authority from the government, but has the privilege of withdrawing his troops, surrendering the harbor ports, munitions of war and the eastern portion of Cuba. Shafter says the bombardment will positively begin at noon tomorrow if unconditional surrender is not made. Alger telegraphed that these must be the only terms. It is believed that after a brief show of resistance Toral will accede to the American demand, and turn over the city and his command to Shafter.

News From German Sources.

Madrid, July 13—Special—An official dispatch from Iloilo says the German cruiser which left Manila July 5 has arrived there with a letter from Captain General Augusti saying the situation at Manila is unchanged. He describes the American reinforcements already arrived, and says six thousand more are expected July 15, when an attack will be made on Manila. The inhabitants of the Island of Luzon have arisen en masse, and the rebels are firing on Manila nightly. The blockade is effective.

A Landing Prevented.

Madrid, July 13—Special—A dispatch received this morning from Havana says the Americans tried to land in the vicinity of Tayabacoa, but the troops of the garrison repulsed them. The Americans took refuge in their warships, which fired more than two hundred shots to cover the disembarkation. They made another attempt to land a short distance from Tayabacoa, but were again prevented. An American transport ship is aground at Punta Caney.

A Conference.

Madrid, July 13—Special—M Paternotre, French ambassador, had a long conference with the Duke Almedovar De Rio, minister of foreign affairs, yesterday.

Spies Set Sail.

Montreal, July 13—Special—Senor Dubosc and Lieut. Carranza, heads of the Spanish spy department, sailed for England today on the steamer Ottoman.

DOGS WILL HUNT HIM

Search for Charlie Dorwimer, Who Murdered Hendrickson at Brantwood.

Prentiss, Wis., July 13—[Special]—Governor Scofield has offered a reward of \$100 for the capture of Charlie Dorwimer, who, it is claimed, stabbed and killed Charles Hendrickson a week ago at Brantwood. The sheriff of Price county and J. McArthur with bloodhounds left here this morning for Brantwood, where they expect to find Dorwimer in the surrounding woods, where, it is claimed, he is concealed by friends.

LIEUT. GATES IS DEAD

Officer of the Third Wisconsin Regiment Dies of Fever This Morning.

Chickamauga, July 13—[Special]—Lieut. Gates, of the Third Wisconsin Regiment, died of fever this morning.

HE HIT MCQUE WITH A CLUB

William Welch Is in Trouble For a Serious Assault.

William Welch of this city, is alleged to have used a club too freely on Patrick McQue, also of this city, and this morning Mr. Welch was arrested by Chief Hogan on a warrant sworn out by McQue charging him with assault and battery. The trouble took place yesterday and the assault is said to have occurred in the railroad yards. When the case was called in the municipal court this morning the defendant pleaded not guilty and the case was set for July 10 at 9 o'clock.

The case of Michael Harkin vs A. Woodward was adjourned until July 20.

LICENSED TO JOIN FORTUNES

Laura May Cone, of Janesville, and Harry B. Belvins, of Rockford, Wed.

Among the late licenses to wed to be issued from the courts of Rockford, Ill., appears one to Harry B. Belvins, of Rockford, Ill., and Miss Laura May Cone, of Janesville.

The prospective bride is well known in this city, where she has a host of friends who will extend hearty congratulations. The happy groom-to-be is a well known resident of the Forest city.

It is said that they will make Rockford their home. Miss Cone is but 20 years of age, while Mr. Belvins is one year her senior.

ARE MAKING A GOOD RECORD

Janesville Boys in the Oshkosh Base Ball Team Are Doing Well.

Morrissey & Dixon, of this city, did some good work for the Oshkosh base ball team Sunday when they defeated the Green Bay nine by a score of 17 to 1. The Oshkosh boys have now secured eleven victories out of thirteen. The Janesville boys are winning all sorts of praise by their good work.

Great Berry Crop.

The yield of berries of all kinds has been enormous this season; everything has been favorable for the largest crop of many years. Raspberries of both red and black variety, home grown, are delicious and the next few days will find them at their best. Send in your order for currants for preserving this week. Prices and quantities will not be any more advantageous later on. Sanborn.

GLAD HE KILLED HIM

Wightman is Happy Over the Fatal Result of His Quarrel With Updyke.

Fond du Lac, July 13—[Special]—George Wightman this morning decided to plead guilty to the charge of murdering Clarence Updyke. He sits in a cell in the county jail in seemingly a more pleasant frame of mind than he has been in for months, and says that he is happy that he killed his man.

WAS TOO YOUNG TO MARRY

Divorce Granted a Beloit Woman Who Wedded Too Early.

Yesterday afternoon Judge Bennett granted a divorce to Bath Amella Heaver from Oliver J. Heaver. Four years ago Oliver promised in Beloit to love and cherish his youthful bride, who was then but seventeen years old. The marriage was a clandestine one, the parents of the bride being ignorant of its performance until too late to prevent it. The wedding was kept a secret for a long time, the couple living apart. When it became known the parents of the bride brought an action for its annulment on the ground that their daughter was a minor and legally incompetent to enter into the marriage contract. The case has been pending for several years, and was just been decided as recorded above, the husband making no appearance. Messrs. Fethers, Jeffris, Elfeld & Monst represented the plaintiff.

MET AFTER THIRTY-SIX YEARS

James Hunt Meets His Uncle Who is a Resident of California.

James Hunt, of this city, met his uncle, James Bastian, of California, at the St. Paul depot this morning, it being the first time they had seen each other in thirty-six years. Mr. Hunt at once recognized his relative in the crowd as soon as he alighted from the train.

Mr. Bastian formerly visited in this section, and is at present conducting a hotel in the mountain regions of California, about sixty miles from San Francisco. He reports California as being in a most prosperous condition, and fully awake to the fact that Uncle Sam at present has trouble on his hands.

ALL ARE BADLY BRUISED

The Ladies Injured in the Carriage Accident Yesterday Suffer Much Pain.

The ladies who were in the carriage accident yesterday are doing as well as could be expected, although all were more severely bruised than was at first thought. Miss Hullog's wrist was severely injured, and Dr. Palmer was obliged to put it in a plaster cast. Mrs. Noggle's left side is badly wrenched and she is wearing braces as large as a plate. Mrs. Williams finds herself bruised in places over her entire body, and her nerves thoroughly upset.

OVERRULED THE DEMURRER

Motion in the Building and Loan Association vs. Archie Reid Denied.

Business in the circuit court of Rock county was not of a brisk nature today. The most important legal transaction before Judge Bennett was the hearing of a demurrer in the case of the Building & Loan Association of Rockford, Ill., vs. Archie Reid, of this city. After hearing the arguments the court overruled the demurrer. The question at issue involves a mortgage.

IMPATIENT AT DELAYS

Washington Officials Irritated At Santiago Situation

YELLOW FEVER THREATENING EFFICIENCY OF THE ARMY

Washington, July 13—Special—Yellow fever has broken out among the troops in the vicinity of Santiago. Information was received at the war department today. Immune doctors and nurses have been ordered to the spot, and measures have been taken to prevent the spread of the disease. Hospitals and a special quarantine will be established. The disease broke out in the neighborhood of Siboney.

There are also rumors that yellow jack has broken out among the marines at Camp McCalla, Guantanamo bay. Measures have been taken by the surgeon general of the army to prevent the spread of the disease, and it is understood a quarantine has been established at the mouth of the bay. The chief danger to the army from the fever arises from the escape of refugees from Santiago, where the disease is known to be prevalent. The danger from the arrival of refugees is known to be very grave. The surgeon general and administration refuse to discuss details of the matter.

Washington, July 13—Special—The war board assembled at the White house at ten this morning. So important was the meeting that Senator Allison was compelled to leave the building without seeing the president. It is believed that matters have reached such a pass that immediate action is necessary if our troops are to be saved from the ravages of fever. The conference was probably considering whether or not Sampson shall be ordered to enter the harbor at once and take the city even at the risk of losing his ships.

Impatient at Delay.

Washington, July 13—Special—There are evidences of impatience among high officials over the slow progress made at Santiago. Nothing has been done for two days, and there seems to be a good deal of ignorance as to the true situation. Whether or not Gen. Toral and his troops have escaped from the city seems to be unknown. It is not believed, however, that such a thing could occur, as the city is completely surrounded by American troops. The non-arrival of the siege guns is given as an excuse for the delay in attacking the city with vigor, but these have been on the way from Juragua for a week and ought to have arrived before now. Hurry orders are likely to be sent within a day or two, as the yellow fever season is at hand, and delay will result in immense loss to our army by the disease.

Ready to Surrender.

Washington, July 13—Special—One of the chief impulses leading to the desperate fighting of the Spaniards in Cuba has been unwittingly removed by the American government. Spanish officers have all along impressed their men with the belief that they would be killed if taken prisoners. The kind treatment given the sailors of Cervera's fleet and the soldiers captured around Santiago has effectually dispelled this impression, and the soldiers of the enemy will therefore be less loth to surrender. It is reported that many bodies of men, weary of their arduous campaigning, will seek the first opportunity of throwing themselves upon the mercy of the American commanders, and that this anxiety to escape from the privations they are enduring will be an important factor in terminating the strife.

Will Be Taken by Assault.

Washington, July 13—Special—The idea of compelling the surrender of Santiago by a siege has been abandoned. The loss of life by sickness, it is thought, would be far greater than that by assault, and would be far less injurious to the morale of the army. The next few days will doubtless witness the fall of the city and the capture of Toral's army. The roads have been rendered impassable by the recent storm, but there will be no impediment to active operations after today.

Rain Stopped the Fighting.

Washington July 13—Special—Rain interfered with operations at Santiago yesterday. The officials were puzzled by the lack of dispatches, but later Gen. Miles telegraphed that one of the heaviest rainfalls he had seen prevented a renewal of hostilities.

ROUTINE OF LIFE
IN A MILITARY CAMP

MUCH OF MONOTONY IN THE
ROUND OF DAILY DUTIES

Hours of Leisure Are Pleasantly
Passed in Visiting and Athletic
Sports—Some of the Officers Are
Kept Busy Early and Late—Visit-
ing Permitted Occasionally.

Camp Cuba Libre, Jacksonville, Fla., July 10—It is a subject of con-
jecture to many Gazette readers, who
have no knowledge of this sort of life,
how we pass the time. Truly that
would be rather a difficult question
to answer as there is a monotony
about doing the same thing day after
day, at the same hour. An officer
would present one side of the daily
routine but I shall try to make inter-
esting reading of a day with the en-
listed man. Leaving out of the ques-
tion the First Sergeant, who has the
company on his hands and the
Quartermaster Sergeant who has their
bodily welfare to look after, and who
are both busy most of the time, the
hours of the members of Co. A. are
as follows:

Reveille is sounded at 4:45 a. m. by
all the buglers and that makes mus-
icians Brozman and Glennon get up a
little before that time to take their
part in making the music of that
lively call. The men then have fifteen
minutes to dress and then do some
light drilling. At 5 a. m. each man
answers to his squad leader who is
accountable to the First Sergeant for
their presence. Then they listen to
their place in line and in answer to
the sharp command of the Sergeant
in charge that morning form promptly
for setting up exercise. And, for five
minutes bend and snag and posture in
unison, bringing into play every mus-
cle and working out all that is left of
the heaviness of their night's slumber.

An Early Breakfast.
Then comes the rush for mess kits and
the falling again into line; for at
5:10 a. m. mess call sounds and it is
understood that the man who isn't in
his place when the company starts for
their ration, has trouble in store for
him. At 5:30 police call takes them
from their quarters for that duty
which consists in the picking up and
burning of all refuse throughout
the camp. At the same
time the sick report at the hospital
for treatment. Then comes guard
mount. Grand details march out
promptly at 6 a. m., and the company
gets ready for drill, the hardest work
of the day, going out immediately
after guard mount and staying away
until 8:30 to 9. A hot sun and dusty
roads much better lately on account
of daily heavy rains, and constant
marching while out, bring the
men home the roughly tired out; par-
ticular, as, as often happens, rations
are short and only bread, hog-back,
and coffee is in their stomachs. Then
they are supposed to rest until 3:50 p.
m. The afternoon work is easier and
parade at 5:50 is a snap. Tattoo
sends everybody to their quarters and
fifteen minutes later, at 8:15 p. m.,
away off to the north from the bri-
gade headquarters, comes the first
sweet note of taps, answered loud and
clear from our own bugle corps, doing
their best on the prettiest music of
the service, following, fainter, from
the South Carolina, Second Illinois,
New Jersey, and dying away among
the representatives of "Old Virginia,"
and then the subdued applause from
the quarters of the men that a most
invariably follows the almost perfect
rendering of the close of the day call,
the extinction of all lights and the
final hush that falls upon the camp,
save for the occasional call of a senti-
nel.

So much of the duties of the day.
The "play" is for we ourselves to
make for ourselves. Men have differ-
ent ways of passing the time. Drink-
ing and card playing do not flourish,
perhaps from lack of money or
opportunity, yet I believe, more
from the good qualities of our men.

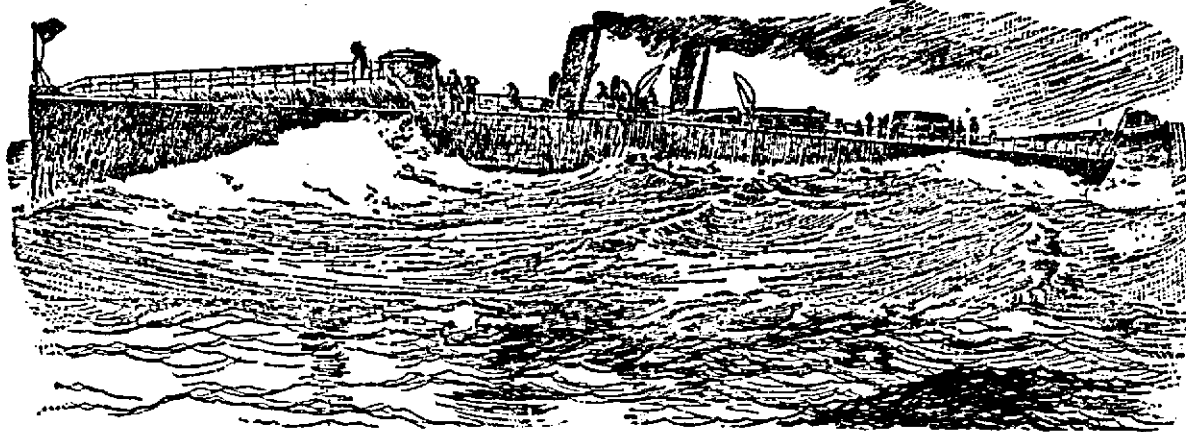

In Leisure Moments
The recruits have lots of fun with
races and jumping contests. Consid-
erable athletic ability is contained in
the make-up of the company. For in-
stance, Private Biggar has won good
places for some seasons at Rock
County Scottish games at throwing
the hammer.

Privates Hagar, Simmons, Gifford
and others find their voices bleed well
together and make music.

Sergeant Will Schmitt's "tent"
composed of Privates Knipschield,
Kearney, Rice, Kueck and Sheppard,
is a very good place to hear the latest
funny story.

Musicians Glennon, Corporal Ray
Smith, Private Yeomans or some other
active young man can always be
found practicing with a ball in the
company street save during the three
hours of midday heat, when none go
out unless absolutely necessary.

Corporal Frank Brown looks after
the welfare of Privates Klenow, Wol-
etz, Biggar and Snyder, and if there

THE TORPEDO BOAT MORRIS.

The Morris is a Herreshoff sloop. She has a displacement of 108 tons. Her horsepower is 1,750, and she has three torpedo tubes. She is said to be capable of over 28 knots speed. She took her name from a naval hero of the past, George V. Morris, who commanded the Cumberland when she was sunk by the Merrimack. The Herreshoffs of Bristol, R. I., have long been famous in America as the builders of fast yachts, and the work of the Morris shows that they are equally efficient when the building of fast torpedo boats is the problem to be considered. The Morris was recently placed in commission, and her trial trips indicate that she is one of the swiftest torpedo boats Uncle Sam possesses.

Isn't some joke on foot on somebody,
it is because they've just gotten off a
good one, in their tent. Quartermas-
ter Sergeant Hill keeps a watchful eye
over Privates Flint and Church and
Artisfer Schmitt, but not close enough
to prevent the sending of a "rookie"
after an occasional guard line or a bit
of tent polish.

Privates Irish, Sheldon, Coryell and
Gifford, and Corporal Collins have
cameras, and spend considerable time
hunting for views.

The Hours Pass Swiftly.
And the hours go by the same old
way until the cool of the evening.
After parade the noise commences.
Hardly an evening passes without
some regiment giving the others a
friendly visit in the form of a fantas-
tic parade, and, truly, at times, the
ideas of these undress parades are
very good and exceedingly well carried
out. They are always led by a band
or a drum corps, and create a good
deal of amusement.

Then there is always a band concert
somewhere. And often times an in-
vitation to join some down town ac-
quaintances at dinner or a social, are
accepted and enjoyed by lucky vol-
unteers.

Always and everywhere the kalei-
descope views of a military post, the
constant ceremonies, marching, the
sounds and sights that must be where
so many troops are together and some-
how do not grow so tiresome to us
as might be expected. The differ-
ences between the Rough Riders from
the west and the soft voiced, careless
North Carolinians, the quiet demeanor
of the northern troops contrasted with
the enthusiasm of the Southerners,
the continual rivalry between us all
for first place in everything. All of
these go to make and keep up a con-
tinued interest in our work and each
other.

The officers of the Second battalion
have organized a mess with Lieut.
Baldwin in charge.

The first sergeants are looking
sadly these days at nine books and
sixteen forms of blanks they must
look after and keep posted up, and
more coming.

Privates Gifford, Simmons and
Miller have gone to St. Augustine to-
day on a special pass.

Privates Ludthe and Collins are
"doing lots of music" on the former's
violin.

Paymasters have arrived in town,
and by Tuesday the men hope to know
how much money looks, again.

HIGHLY SUCCESSFUL CONCERT
An Artistic Entertainment Given Under
Woman's Relief Corps Auspices.

The concert given by the Roney
boys at Court street church last even-
ing was a notable success both in
point of attendance and artistic merit.
The program was a patriotic one, and
given under the auspices of the Wom-
an's Relief Corps. The boys, not yet
out of their knickerbockers, are nat-
ural musicians, and besides display
the results of the careful training be-
stowed upon them. If a criticism
could be passed upon the entertain-
ment, it might be said that it was too
long. This was the fault of the audi-
ence rather than of Prof. Roney, for
each number on the program was
heartily enjoyed, and responses given
to most of them.

Each of the five young artists dis-
played wonderful talent. Perhaps the
most striking performance, because
the most novel, was the violin playing
of Master Raphael Groff. He handled
his bow with the skill of a veteran,
and infused into his playing much
feeling and expression. Master Nor-
man "Trumpour" showed himself to be
a well trained elocutionist, and evoked
many encomiums. Prof. Roney pre-
sided at the organ, and gave the audi-
ence a greatly appreciated selection
upon that noble instrument. A chorus
of thirty young people added much to
the interest of the evening.

Mechanics' Bank.

At the annual meeting of the stock-
holders of the Merchants' & Mechan-
ics' bank held yesterday afternoon,
officers for the ensuing year were
chosen as follows:
Directors—David Jeffris, James
Mount, A. H. Sheldon, James Menzies,
W. S. Jeffris, F. C. Cook and William
Bladen.
President—W. S. Jeffris.
Vice-President—A. H. Sheldon.
Cashier—William Bladen.

FESTIVITIES ON LABOR DAY

Arrangements Made For the Celebration
of the Occasion in Janesville

Labor Day will be festively observed
by the working people of Janesville
by a cessation from all work and
strict attention to pleasure. The
Trades Council has already taken ac-
tion in the matter, although nearly
two months remain before the day ar-
rives. At a meeting of the organ-
ization held last evening the following
committees were named to make all
necessary arrangements for the ob-
servance of the day:

Grounds and Provisions—Ernest E.
Olemons, M. J. Stanton and W. J.
Dougherty.

Printing and Music—Myron H.
Whittaker, E. H. Burdick and E. B.
Birmingham.

Games and Parade—William B.
Frey, William M. Dexter and L. C.
Sharpe.

Reports from these committees will
be heard at the next meeting of the
council on August 9, and final ar-
rangements be then completed. There
will be a parade through the streets of
the city, followed by a picnic at some
nearby resort at which there will be
the usual attractions in the way of
outdoor sports. Good speakers will
be secured to address the assemblage.
M. H. Whittaker, of this city, O. H.
Tenney and F. J. Webber, of Milwa-
ukee, have been named as a legislative
committee of the State Federation of
Labor to attend to matters of interest
that may come before the legislature
next winter.

HUNTER KILLS A NEIGHBOR

Tragedy Near Fond du Lac Due to
Family Misunderstanding

Fond du Lac, Wis., July 13—George
Wightman shot Clarence E. Updike
yesterday afternoon while he was at
work on his farm two miles east of
here. An hour later Wightman was
overtaken by several farmers, brought
here and placed in jail.

When he was taken before the
sheriff he admitted the shooting and
said he was happier than he had
been for six months. He said: "I
have killed the man who made my
home unhappy and I am glad of it."
Three weeks ago I told Updike this
would happen if he did not keep away
and this morning I planned to carry
out my threat. Going to Col. Board-
man I borrowed his 44 Winchester
rifle and went in the vicinity of the
Updike farm. When he went out in
the field to work I raised my rifle and
fired three balls into his back. You
will find them if you make an in-
vestigation."

Wightman is 63 years of age and is
one of the best known hunters in this
part of Wisconsin and has always
borne an excellent reputation. He
was examined by two physicians this
evening and repeated the same story
that he told the sheriff.

KNOWN TO WISCONSIN PEOPLE

Capt. Phil Reade, a Hero of Santiago,
Was Long in the State.

Among the heroes who distinguished
themselves in the engagements before
Santiago, in Capt. Phillip Reade, who
has been recommended Gen. by Kent
for promotion in return for his gal-
lantry. A short time ago Capt. Reade
who belongs to the Third United
States Infantry regiment, was on a
visit to Wisconsin when he received
the unexpected announcement of his
promotion to be inspecting general on
Gen. Kent's staff, with the rank of
major. He at once joined his regi-
ment and proceeded with it to Cuba,
and the first news that has since come
from him is contained in the dis-
patches reporting his gallant conduct
under fire on the field and the recom-
mendation for his promotion made by
Gen. Kent, who, by the way, is his
brother-in-law. For a long time Capt.
Reade was detailed at Camp Douglas
as inspector of small arms practice in
the Wisconsin National Guard. While
there he made many friends among
the militiamen, for he was a thorough
going soldier, and a genial gentle-
man as well. Those who know him
best are not surprised that he distin-
guished himself so conspicuously.

Pensioners for Wisconsin People.

Washington, July 13—Pensioners
granted persons residing in Wisconsin:
Additional—John W. Garner, West-
port, \$8 to \$12. Supplemental—Julius
Reymo, West Superior, \$2. Increase—
Thaddeus S. Martin, Readsburg, \$6 to
\$10; William Fagg, Forestville, \$12 to
\$17. Reissue—Calvin Rush, Rockton,
\$14.

BRODHEAD WON THE GAME.

With the Assistance of the Umpire the Y.
M. C. A. Club Was Beaten.

The game of base ball played at
Brodhead yesterday between the Y.
M. C. A. nine, of this city, and the
Brodhead team was spirited, and re-
sulted in a defeat for the Bowler City
boys by a score of 4 to 1. The Janes-
ville team was not quite up to its
usual form, McWaters being absent
from the catcher's box, and another
player being on the sick list. The
club also labored under the disadvan-
tage of playing against ten antago-
nists instead of nine, the umpire being
a warm partisan of the Brodhead boys
and favoring them upon every possi-
ble occasion. But four errors were
charged against the Janesville team,
while their opponents had five. Fol-
lowing is the score by innings:
Brodhead—0 1 0 2 0 1 0 0 *—4.
Janesville—0 0 0 1 0 0 0 0—1

THE COTERIE CLUB'S OUTING

A Pleasant Evening Was Spent at Crystal
Springs Park.

The second of a series of upriver
picnic parties given by the Outing club
this season, took place at Crystal
Springs park last evening. Fifty
couples participated, and the usual
good time was in store for all. Re-
freshments were in order at 6 o'clock,
and dancing followed, the inspiration
being furnished by Prof. Smith's or-
chestra of four pieces. During the
evening Prof. William T. Thiele pre-
sided at the piano recently purchased
by Captain and Mrs. Buchholz, and
rendered several selections that
proved a rare treat.

Among those present from out of
the city were: Misses Katherine
Bowen, Brodhead; Madeline C. V.
Yoncos, Latherville, Md.; F. O. Tucker,
Chicago; Carrie Jacobs Bond, Chicago.

Friends of Miss Sue Segers Give Her a
Pleasant Surprise

When Miss Sue Segers, of the lo-
cal telephone exchange, went to her
North Bluff street home last evening,
she was surprised to find in waiting
twenty-five of her most intimate
friends. The occasion was a surprise
party that was successfully carried
out in every true sense of the word.
The lawn had been beautified by nu-
merous Japanese lanterns, and games
and a musical program added pleasure
to the event. Tempting refreshments
were in order, and the evening is one
long to be remembered by those so
fortunate as to be present.

THEY SKIMMED THE MILK

Two Poyonette Farmers Arrested For
Violating the Dairy Laws

W. W. Chadwick, of Monroe, as-
sistant state dairy and food commissioner
who was in the city yesterday reported
the arrest of two farmers near Poy-
onette named Groning and Oros-
burger charged with taking their milk
to the factory after skimming it at
home. Both pleaded guilty and were
fined \$25 each.

Commissioner Chadwick is on the
alert these days and his good work is
to be seen on all sides.

Dreadfully Nervous.

GENTS—I was dreadfully ervous

THE COTERIE CLUB'S OUTING

A Pleasant Evening Was Spent at Crystal
Springs Park.

The second of a series of upriver
picnic parties given by the Outing club
this season, took place at Crystal
Springs park last evening. Fifty
couples participated, and the usual
good time was in store for all. Re-
freshments were in order at 6 o'clock,
and dancing followed, the inspiration
being furnished by Prof. Smith's or-
chestra of four pieces. During the
evening Prof. William T. Thiele pre-
sided at the piano recently purchased
by Captain and Mrs. Buchholz, and
rendered several selections that
proved a rare treat.

Among those present from out of
the city were: Misses Katherine
Bowen, Brodhead; Madeline C. V.
Yoncos, Latherville, Md.; F. O. Tucker,
Chicago; Carrie Jacobs Bond, Chicago.

Friends of Miss Sue Segers Give Her a
Pleasant Surprise

When Miss Sue Segers, of the lo-
cal telephone exchange, went to her
North Bluff street home last evening,
she was surprised to find in waiting
twenty-five of her most intimate
friends. The occasion was a surprise
party that was successfully carried
out in every true sense of the word.
The lawn had been beautified by nu-
merous Japanese lanterns, and games
and a musical program added pleasure
to the event. Tempting refreshments
were in order, and the evening is one
long to be remembered by those so
fortunate as to be present.

Two Poyonette Farmers Arrested For
Violating the Dairy Laws

W. W. Chadwick, of Monroe, as-
sistant state dairy and food commissioner
who was in the city yesterday reported
the arrest of two farmers near Poy-
onette named Groning and Oros-
burger charged with taking their milk
to the factory after skimming it at
home. Both pleaded guilty and were
fined \$25 each.

Commissioner Chadwick is on the
alert these days and his good work is
to be seen on all sides.

DEMOCRATS NOMINATE.

Illinois State Convention Concludes Its Work.

Springfield, Ill., July 13.—The democratic state convention Tuesday was not exciting. All of the nominations were by acclamation. Twice the roll call was begun on candidates, but was never completed. The ticket named is: State Treasurer—M. P. Dunlap, Jacksonville.

Superintendent Public Instruction—Perry O. Silver, Freeport.

Trustees State University—Julia Holmes Smith, Chicago; N. B. Morrison, Odin, and Jacob B. Sells, Mount Carmel.

The latter is a populist, and represents the fusion element on the ticket. Soon after the permanent organization had been effected a motion was made inviting Mr. Altgeld to address the meeting. Mr. Altgeld responded in an hour's speech.

A feature of the proceedings was the opening of the party doors to the gold democrats. Roger C. Sullivan in the Fifth district and Ben T. Cable in the Tenth, both gold democrats in 1896, were elected members of the state committee.

The temporary organization was announced with William Prentiss of Chicago, chairman, and A. C. Bentley, Pittsfield, secretary. The customary prayer was omitted. Mr. Orr introduced Temporary Chairman Prentiss.

Mr. Prentiss, in his speech, attacked the policy and conduct of President Cleveland and denounced the gold standard.

At the conclusion of Mr. Prentiss' address Joseph P. Mahoney moved the appointment of the usual committees. This was agreed to.

It is said that the new state committee is friendly to Mayor Harrison of Chicago.

The platform is long. On the money question the following plank was adopted: "We favor the free and unlimited coinage of both silver and gold at the present established ratio of 16 to 1, by independent action of the United States, without waiting for the consent or permission of other nations."

Other planks reaffirm the Monroe doctrine, and pledge the party to abide by the advice of Washington, "to keep ourselves free from entangling alliances with foreign nations," favor a tariff for revenue only, the adoption of a fair and equitable tax on incomes, that the duties and powers of courts in the issuing of writs restraining citizens of their rights without trial by jury be clearly defined, the abolition of pools and trusts, and criticize the republican national and state administration.

The war with Spain is justified "by every consideration of justice and sound national policy."

Gov. Tanner was condemned for calling the extraordinary session of the legislature, and the revenue bill passed is denounced.

A resolution recommending the repeal of the civil-service law of the state was passed.

As to the possible candidates for further honors at the hands of the party, the following is said:

"We recognize William Jennings Bryan as the leading exponent of the foregoing principles, enunciated as a declaration of party faith by the democratic national convention of 1896; which acknowledged leadership he has justly earned and is universally accorded by reason of his great ability, matchless eloquence, and zealous devotion to the welfare of the whole people, and we confidently look forward to a glorious victory for democracy in 1900 under his superb leadership."

"We declare our confidence in the exalted patriotism and wisdom of former Gov. Altgeld, and point with pride to his record as governor of this state in contrast with that of Gov. Tanner."

"We heartily endorse the democratic administration of Carter H. Harrison, mayor of Chicago, in his honest conduct of municipal affairs, and his fearless efforts in protecting the rights of the people."

Sunday School Workers.

London, July 13.—Imposing ceremonies marked the formal opening this morning of the third world's Sunday school convention.

was welcomed by Marquis of Northampton and by Hon. Edward Towers, speaking in behalf of the London Sunday school union and the London committee respectively. Responses in behalf of the delegates were made by Rev. S. S. Mathews of Wisconsin and by representatives of Canada, Mexico and other countries.

Strike May Become General. Omaha, July 13.—What started out in a very small way promises to grow into a strike involving all the packing-houses at South Omaha, Monday morning twenty-five of the loading gang at the Cudahy plant struck because their demand for an increase from 15 to 17 1/2 cents an hour was refused. Now 500 men are out. It is feared the strike will become general.

Dr. Henson Made President. Springfield, Ill., July 13.—The executive committee of the Illinois Anti-Saloon league met in this city and effected a permanent organization by the election of officers. Rev. Dr. Henson, Chicago, is president. It was decided to establish permanent headquarters in this city. An advisory committee of seven members was appointed.

Camara's Ships Go Slowly. Port Said, July 13.—The Spanish fleet was seen off Cape Burlos last night at midnight, going at eight knots.

Russia and the Philippines. St. Petersburg, July 13.—Discussing the events of the war between Spain and the United States, which it regards as practically over, the Novoye Vremya observes that the political situation largely depends upon the attitude of Russia. It adds: "With respect to the Philippine islands, the time has arrived to clearly state Russia's policy. Russia has no positive interests in the Philippine islands. If they are divided, the best parts will fall to Germany, Great Britain and Japan, thereby strengthening them in the Pacific. Therefore it is to Russia's advantage that the Philippine islands remain in the possession of a single power, whether Spain or the United States, and Russia would prefer to see the islands in the possession of the United States, who would keep out other claimants. By working in this direction, Russia would not only uphold her own interests, but would serve the cause of general peace."

Will Guard Klondike Gold. Victoria, B. C., July 13.—In response to the request of United States Consul Deedley of Vancouver, Admiral Puller, commander of the Pacific British squadron, stationed at Esquimaux, has dispatched H. M. S. Amphion, a second class cruiser, and the sloop of war Icarus, carrying nine guns, and the sloop of war Icarus, mounting eight guns, to cruise the waters of the north to search for an alleged privateer which, according to reports which have reached the ears of the consul, lies hidden in the vicinity of Dixon Entrance, the passage for south-bound treasure ships. The existence of such a privateer, however, is regarded as very doubtful, as no reliable reports regarding it have been received.

Can Not Have Our Coal. New York, July 13.—A special cablegram reports that the Danish authorities have informed United States Consul Van Horne that coal, of which the United States has 8,000 tons in the harbor of St. Thomas, is contraband of war, and that its removal by the United States so long as this government is at war with Spain will not be permitted.

Gov. Ledermann informed the consul, according to this dispatch, that any attempt to remove the coal in question would be resisted by the German, French and Italian warships in the harbor and waters near by.

Consul Van Horne is said to have referred the subject to the authorities at Washington.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.

To the Republican Electors of Wisconsin:

By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in county having more than one assembly district, except Milwaukee county, the unit shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all provisions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates electors, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

INFLUENCE OF CONGRESSMEN.

The Madison State Journal argues sensibly when it says:

Just now there is very much discussion going on in the various congressional districts of the state as to whether the present congressmen shall be renominated, or whether it is better that new men be selected. The State Journal has no disposition to interfere in the local affairs of any of the districts. The people of each district are competent to decide as to the qualifications of their representatives and as to the desirability of continuing them in office. We do wish, however, to insist that much more effective service is secured by old members than by new ones. No new man, no matter how great his abilities, can come rapidly to the front in either house of congress. There is a rule of advancement there, which, although it may be unwritten, is yet inexorable that the older members be given the leading positions upon the committees, and in all important positions. The only way members get to be leaders in congress is through long terms of service. The longer a member serves, the more he is recognized and his influence enhanced. In early days, before the war, the south had a much greater influence in congress in proportion to its representation, than the north, largely because its membership was infrequently changed. Some of the eastern states have long had great power in both the senate and house, because they keep the same men there term after term. In Great Britain men become famous as law makers because of the fact that faithful service is a passport to continued preferment. If the state expects to secure the largest possible influence in the conduct of affairs, then must it select good men for congressional representatives and continue them in service. In no other way is it possible to secure the most influential representation.

MANY BUY BONDS.

Wisconsin people seem to have plenty of money these days, as is shown by the fact that Badger citizens are buying the new government bonds liberally. The Sentinel's Washington correspondent says, more than 2,000 subscriptions have been received at the treasury from persons in Wisconsin who are willing to pay the par value or more for 3 per cent. bonds. More than 100,000 subscriptions have been received from the people of the country generally. The subscription lists do not close until Thursday and the list will be largely increased before that time. Individual subscriptions for bonds of the denominations of \$500 or the denominations less will take up nearly half of the total sale of \$200,000,000 worth of bonds to be sold.

The battleship Wisconsin will be launched at the yards of the Union Iron Works at San Francisco on November 20. No election has yet been made of the young woman who is to christen the ship, but the committee appointed by Gov. Scofield will meet in Milwaukee some day this week to act. The committee, consists of State Senator DeWayne Stebbins of Algoma, Julius Bleyer, of Milwaukee, and Dr. J. O. Reynolds, of Lake Geneva.

Figuring on the basis of last year's business the brewers of Milwaukee will pay \$5,000,000 to the government under the new revenue law. Thus would the revenue from the sale of schooners equip a whole fleet of fighting craft.

The newspapers chronicle the fact, with more or less prominence, that Corbett and McCoy are going to fight. Will someone tell us who these gentlemen are? Neither name is Spanish.

Ohkook claims distinction again because of the fact that a Chinese woman is soon to make that city her home, and launders the cuffs of the descendants of the old chief for whom the town was named.

Admiral Sampson and Commodore Schley both declare that they are on friendly terms, and that there is no friction between them. This is good news.

And there is no evidence of the fact that Colonel Bryan is pleased with the order to report to General Fitzhugh Lee, at Jacksonville.

The Spanish barb wire fences may be "horse high and bull strong," but they are not "pig tight."

WANTS DAUGHTER RATHER THAN WIFE

POLICE HAVE NO CLUE OF
FLEEING COUPLE.

Up Till a Late Hour This Afternoon
Their Whereabouts Was a Mystery—Leonard Remained in Town
All Day in Hopes of Locating Them—
Loved His Daughter.

Henry Leonard, the Rock county farmer, whose wife eloped with a neighbor, George Church, spent the day in town in the hope of getting some clue that would put him on the track of his lost eight year old daughter, who accompanied her mother. As to his wife, Mr. Leonard stated that he much preferred the recovery of his beloved daughter who had gone with her mother against her will.

No Clue Discovers
Sheriff Acheson stated this afternoon that the elopers had not been heard from and that no clue had been furnished him as to their whereabouts. Leonard, who is a good looking and business like fellow was a very cheerful man today considering the trouble now on his mind. He stated that his married life had always been a happy one and he can see no reason why his wife should elope with another man. Mrs. Leonard, he said, was always a good housekeeper, and it seemed to him that she at all times was happy and contented with her daily surroundings. She has no near relatives in this country, while he is in the same predicament, with the exception of a brother, who now resides at Fort Atkinson.

Not a Popular Man
Milton residents who were in the city today say that Church was not the kind of a man that the average woman would fall in love with at first sight. He is described as a tall easy-going sort of a farmer, and many would take him for the last man on earth to go on such an escapade. Leonard was very much attached to his little daughter, and her loss seems to bother him more than the departure of his wife. Mr. Church has but little to say on the subject, and prefers at present to await developments before committing herself.

SOAP FOR THE INSTITUTION

Plan for Paying the Indebtedness of the
Local Y. M. C. A.

The Y. M. C. A. has accepted a proposition from the James S. Kirk & Co. soap manufacturers, of Chicago, hoping that through it they will be successful in securing a large percentage of the balance needed to clear all indebtedness on the building. Mr. E. B. Brown has the matter in hand, and will visit the homes in the interest of the association. This is a splendid opportunity for every home to assist in a practical way, and receive full value for themselves. Mr. Brown being a former resident of Janesville, and deeply interested in the success and welfare of the association in every possible way, will also push the membership work in connection with the special offer, and every citizen should help to encourage this effort to relieve our local Y. M. C. A. of its financial burdens.

CHILDREN HAVE A MERRY TIME

Birthday Party Given in Honor of Lydie
Earle.

A merry party of little folks gathered at the home of Lydie Earle, 58 Pearl street, to help him celebrate his birthday. They enjoyed themselves playing games on the lawn, and at 5 o'clock ice cream and cake was served. Those present were:

Grand Bennett, Pearl Johnson,
Frank Walcott, Nellie Golden,
Evelyn Porter, Elsie Metkile,
Jessie Pruler, Myrtle Earle,
Irene Walcott, Margie Golden,
Nellie Harris, Nellie Edgington,
Cora Parker, Frankie Gokke,

THE CARDS ARE NOW ISSUED

Approaching Marriage of Miss Jessie
Ziegler to Ward Lovering

Invitations have been received in the city for the marriage of Miss Jessie Ziegler, of Minneapolis, to Ward Lovering, a resident of that city. The happy event will take place in Minneapolis on July 20.

The bride-to-be is a former Janesville girl and is the only daughter of Mr. and Mrs. T. J. Ziegler, former residents of the Bower City. The prospective groom is traveling salesman for the well known gent's furnishing firm of Wilcox Bros., Chicago and is a highly esteemed young man.

Only One Excursion to the Ever Beautiful
Dells of Wisconsin.

Sunday, July 24, will be a red letter day for the lads and lassies, for they may then enjoy themselves to their heart's content amid the wild scenery of the Dells at Kilbourn. Without a doubt this is the most wonderful bit of scenery in the western country. There is a trip of miles in a steamer, a tramp through Witches' Gulch and through Cold Water Canyon one mile under ground. Round trip fare only \$2. Train leaves Janesville over the Chicago, Milwaukee & St. Paul R.R. at 7:30 a. m. Sunday, July 24; leaves Kilbourn at 8:30 p. m.; arrive here at 10:30 p. m.

EVERYONE interested in the success of a good base ball team should attend and encourage the boys Friday at Athletic park. They are playing fine ball, and a strong game is assured.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sent in this part of the state.

PLAN REUNION OF FORMER VETERANS

COMMITTEE MET TODAY AT
CLINTON.

County Clerk McIntyre Was Present
From This City—Governor Scofield
Will Probably Be One of the Speakers—
Walworth County Expected to
Join.

County Clerk W. J. McIntyre, as president of the Rock County Ex-soldiers' and Sailors' union, spent the day in Clinton for the purpose of making final arrangements for the annual meeting of the union which will be held in Clinton this year. The date to be selected will be the first part of next month and the session will be a one day affair. Preparations which are already under way promise for the coming event one of the most successful meetings in the history of the union.

Walworth May Join.

In Walworth county a similar organization is in existence, and the plan that has been mapped out by the Rock county union is to have the Walworth county society join hands with the Rock county boys and have a celebration that all participants will remember for many years to come. Addresses by noted speakers will be only one of the many interesting features of the program this year.

The Governor Will Be There.

In a letter received by President McIntyre from Governor Scofield, his excellency states that if such a thing is possible, he will be in Clinton on the day of the reunion, and will participate in the exercises by delivering a speech. The best of home talent has already been secured, and good speakers will not be lacking.

The present war with Spain has stirred the veterans up on the coming reunion, and there is little doubt but they will be in Clinton next month in full force. A bounteous repast will be served, and all who attend are assured a pleasant time. The date decided on will be announced later.

WILL BE INTERRED AT DARIEN

Funeral of Miss Anna Dow, of Beloit,
Will Take Place Tomorrow.

Miss Anna Dow, who committed suicide in Beloit on Monday by hanging herself, and whose tragic death caused sorrow in this city, will be buried in the cemetery at Darien, where the father and mother and other members of the Dow family are buried, tomorrow.

relatives.

PHOR. W. T. Thiele, of Jefferson,
has decided to make Janesville his
home.

Mr. and Mrs. Charles Fifield left
today on a pleasure and business trip
to Buffalo.

MAURICE LANE, of Evanston, Ill.,
is the guest of his grandparents, Col.
and Mrs. W. B. Britton.

CHARLES COCHRANE, of New York,
is the guest of his brother, Under
Sheriff Wallace Cochrane.

Miss Cora M. Harrison, of Two
Rivers, Wis., is visiting at the home of
her father, Wm. Harrison, Centre ave-
nue, for a few days.

HENRY SPAIN, who is employed at
the Milwaukee quarry in Monterey,
barely escaped serious injury yester-
day. While at work in the quarry a
large portion of earth caved in on
him injuring his legs and feet badly
before he could free himself.

WILL COME HERE NO MORE.

James Moran Was Arrested for Trying
to Steal a Horse

James Moran, who claims Madison
as his home, came to town this week
to visit friends. Yesterday he invest-
ed too freely in whiskey, and the re-
sult was that he made an attempt to
steal a horse this morning on the early
Madison passenger train on the St.
Paul railroad. Just as Moran made
an attempt to board the blind bag-
gage Officer Appleby laid hands on
him and landed him behind the bars
of the Rock county jail. Moran now
says that this is his last visit to Janes-
ville.

PUSHING THE SALE OF LEAF

Mr. Grundy is interesting Eastern Dealers
in Wisconsin Tobacco.

James Grundy, the well known leaf
tobacco salesman of this city, left yester-
day on an extended business trip to
Michigan, Ohio and Pennsylvania.

The object of his trip is to call on
the principal cigar manufacturers of
that section of the country so as to
try and interest them in the purchase
of Wisconsin leaf tobacco. Leaf deal-
ers, who are in the habit of making
these annual eastern trips, find it a
most profitable venture.

NEW FIRE DEPARTMENT TEAM

Horses That Will Hereafter Pull the
Engine to Conflagrations.

The Janesville fire department is
being improved these days by the
addition of new horses. The latest is
a handsome dark bay team that is
now occupying stalls in the east side
station. This team has been placed
on the horse carriage in place of the
gray team that have seen their use-
fulness as first-class fire horses pass-
ed. The new team are well matched, and
doing as well as can be expected.

TORAL STILL HOLDS OUT.

Reiterates His Determination Not to Surrender.

SANTIAGO IS AT OUR MERCY.

American Forces Completely Surrounded the City, Making Escape Impossible—Heavy Rains Drench the Troops—Miles in Command.

Before Santiago (via Playa del Este, Guantanamo Bay), July 13.—Tuesday morning Gen. Toral sent out a reply to Gen. Shafter's second demand for the unconditional surrender of Santiago, made by the latter Sunday afternoon.

In his reply Gen. Toral referred to his refusal to accept to the American demand made on Sunday and again reiterated his determination to resist.

Notwithstanding this the American batteries did not open fire, and the renewal of the bombardment was postponed until tomorrow, when it is hoped that all of Gen. Randolph's batteries will be in position. The siege guns landed will also be brought up as soon as possible.

Torrents of rain fell Monday night, drowning out the boys in the trenches and making the road almost impassable. This may delay the batteries and siege guns. The volunteers who are being hurried to the front are being located along the right center in the positions which have been occupied by Gen. Lawton's division, extending our right until it almost touches the road to Calhones, over which Gen. Toral would have to retreat if he should now be foolhardy enough to make the attempt.

The Cubans under Gen. Calixto Garcia took Calhones without opposition Monday night and have intrenchments on either side of the road. The Americans are now in position to strike the enemy on the left flank and roll it up, making the Spanish intrenchments north of the city untenable.

Official Information Lacking. Washington, July 13.—It was a night of anxious waiting both at the white house and at the war department. Information from Gen. Shafter was momentarily expected, but up to 3:15 o'clock not a word of official news had been received.

Shortly after 1 o'clock Secretary Alger and Secretary Wilson, who had been in conference with the president during the greater part of the night, left the white house for their homes. They say that absolutely not a line of official information has been received from Santiago.

Off Santiago, July 11 (via Port Antonio, Jamaica, July 13).—Tuesday morning the New York, the Brooklyn and the Indiana drew up close to the shore three miles east of the entrance to Santiago harbor and began steadily and methodically to throw shells over the hills into the city. The warships were half a mile apart during this bombardment and only a quarter of a mile from shore.

Smoke rising in heavy columns inland indicates that Santiago is burning. Our signal men ashore are directing the elevation of the guns on the warships engaged in the bombardment and are giving notice when the proper range is secured. It is believed in the fleet that the ships are doing great damage to the enemy, as the shells can now be thrown with considerable accuracy because of the careful system of signals on shore which directs the firing.

No attempt has been made as yet to enter the harbor. A desperate land battle is imminent.

The First regiment from Chicago is now at the front, and will have a good chance to participate in the big fight which everybody expects before Gen. Toral gives up the city.

Would Save Church Property. Hongkong, July 13.—The Spaniards now here are convinced that Camara's squadron is not coming to their relief. They have given up all hope, save of making terms to have church property respected. Procurator Fernandez of Shanghai arrived here yesterday and held a long conference with Consul Wildman. He wishes to go to Manila to treat with Dewey and Aguinaldo. Wildman declined to give him passports or to aid him to retain the property of his church. It is said on good authority that the church stands ready to surrender Manila if its millions can be saved.

To Reinforce Shafter. Tampa, Fla., July 13.—The general movement from Tampa to Santiago began Tuesday. The transport Lampasas with the battalion of engineers, together with the military attaches from Italy, Japan and Germany, a number of artillery pieces and quantities of all kinds of supplies, including a number of pontoons, sailed for Cuba to reinforce Gen. Shafter's army.

Yellow Fever at Siboney. Washington, July 13.—Surgeon Walter Wyman of the marine hospital service has received information that there are fourteen cases of yellow fever among the United States troops at Siboney, and that the government will abandon the Dry Tortugas as a military station and give it back to the marine hospital service.

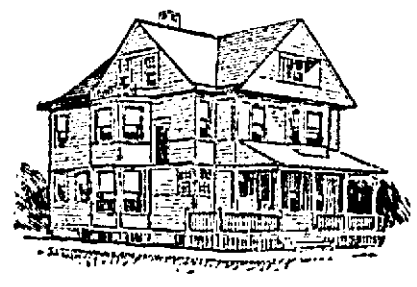

Aguinaldo Now Has a Fleet. Madrid, July 13.—An official dispatch from Hilo says that Aguinaldo is patrolling the coast with a squadron of merchant vessels. The dispatch also states that two bands of rebels have been defeated by the Spaniards at

This Design Combines Comfort and Beauty in a Modern Degree.

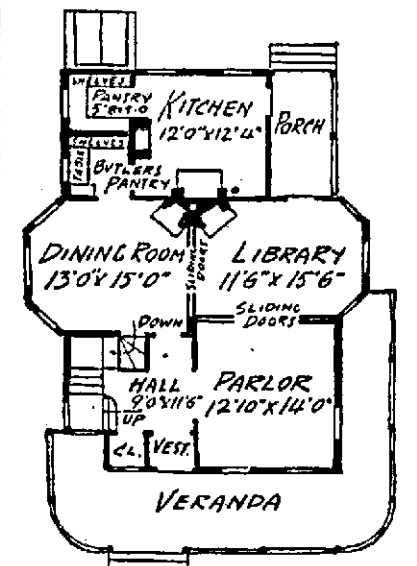

(Copyright, 1898, by George F. Haller, 22 Park Place, New York.)

"It was the greatest mistake of my life." This we may all say at least once in our busy lives, and very often that same mistake was that the person had built a house and was afraid to impress his views on the architect as to the conveniences of his building, suited to the special requirements of his family. He has merely let the architect intimidate him and possibly left his entire building in the hands of some indolent architect, who has built it regardless of cost to the owner and has rushed it through in any old way, making as few detailed plans as possible, and thus causing it to be improper and

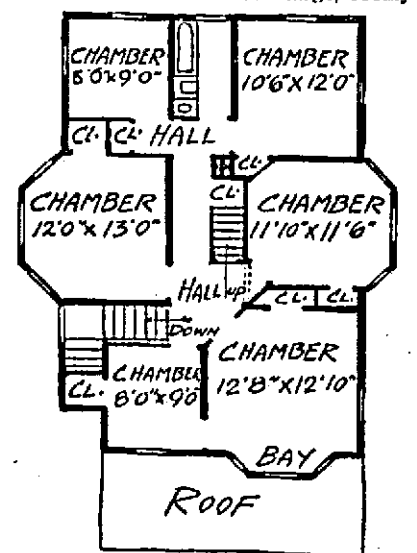

faulty in construction. This architect has captured his client through some advertisement that appeared in a fascinating manner in some local paper and was undoubtedly stolen from some architect of repute who drew up the plans and elevations for his own use.

Therefore if you are contemplating building study a book of plans over very carefully, consider your family in every possible way, your furniture, and, above all, the proposed site of your home, and endeavor to build the exterior of your house so that it will blend with the architecture of nature. By a little careful study in this direction you may be able to construct a home whose very first appearance will suggest coziness and comfort. How often you see a house that is located in a most charming locality, yet is greatly lacking in something—something that the uninitiated fail to comprehend, but with a practiced eye the effect is easily noticed! Especially is this the case where architects

have a client who has received plans, etc., from a distance through the agency of the mails. Where this is the case care and attention should always be given to a minute description of the surrounding country and natural climate conditions and whether a wooded or stony country. By a competent architect all these things would be carefully weighed, and he could plan a structure so that it would harmonize with the natural characteristics of that particular locality.

The building that we hereby illustrate is one of our many designs that are planned for the comfort and convenience of the occupants, the first floor consisting of parlor, dining room and library, with a large kitchen and butler's and kitchen pantries. The library and dining room each contain a large Roman brick fireplace. A large front hall, with vestibule, is also a good feature. House on first floor is partly surrounded by a spacious veranda. On the second floor we have six large, roomy

chambers and bathroom. Every room is so constructed as to have one large closet. In the attic are finished two large rooms for the use of the servants, and there is another large unfinished room for use as a storeroom. In this building we have endeavored to utilize all possible room, combining comfort and symmetry in design, and altogether it is a building that any man would be proud of as the owner or as occupant. It is also a house that is well adapted to many localities. It can be erected for \$4,000, including everything complete.

Cement Mortars. The market is today flooded with a hundred different brands and varieties of cement mortars, many of which are most excellent, particularly those made from the natural cements of South Dakota, although if strictly first class new lime can be secured and clean sharp sand, with the best quality of standard bull's hair, using a half to three-fifths of a bushel to a barrel of lime, very good results can be obtained.

The mortar should not be heated or slaked while hot, and before applying to the walls it should be seen to that the grounds are all straight, plumb and true, so that when the mortar is applied the

EXPLOSION IN POWDER MILL

Doxen or More Men Are Instantly Killed in a New Jersey Factory.

Dover, N. J., July 13.—An explosion at the works of the Laflin & Howard Powder company in Pompton Lake Tuesday killed a dozen or more men among them one or more soldiers who had been detailed to guard the powder works. A short time ago there was an explosion there which killed all men.

Seven persons are known to have been killed, two fatally injured and eight are missing. The explosion occurred in the smokeless-powder department. The dead, so far as known, are: JOHN CRAIG, engineer of the powder works; lived in Brooklyn.

DANIEL FREEMAN, JOHN UTTER, SILAS BIRDSALL, RICHARD CLEARY, LEVI SMITH, JOHN PHILLIPS.

William H. Emmons, of Company I, Third regiment, of New Jersey, one of the guards at the works, is fatally injured.

Chooses Harrison President. Indianapolis, Ind., July 13.—Ex-President Benjamin Harrison has been chosen president of the United States sanitary commission formed here. The commission is formed on the plan of an organization of the same name which was in existence during the civil war. The organization proposes to assist in caring for sick and wounded soldiers and will undertake to provide free lodging and board for volunteer female nurses who go to the front. The money with which to carry on the work is to be raised by subscription.

Rebel Turns the Tables. London, July 13.—The Hong Kong correspondent of the Times says: "Disturbances continue on the West river. A Pakian magistrate, who had offered a reward for the capture of a rebel chief, was himself captured by the chief. The latter drenched the magistrate with kerosene and burned him, afterward butchering the magistrate's family."

Gen. Otis' Departure Delayed. San Francisco, Cal., July 13.—Maj. Gen. Otis has been working like a beaver trying to get ready for his departure on schedule time Wednesday. Late yesterday afternoon he announced that the Peru and City of Puebla could not possibly get away before Thursday evening, and probably not before Friday morning.

A Singular African Tree. The "Sneeze-Wood Tree" grows in South Africa, and takes its name from the fact that one cannot cut it with a saw without sneezing, as the fine dust has certainly the effect of snuff. Even in planting the wood it will sometimes cause sneezing. No insect, worm or bar-nacle will touch it; it is very bitter to the taste, and is specific gravity is heavier than water. The color is light brown, the grain very close and hard; it is a nice-looking wood and takes a good polish. For dock-work, piers, or trestles it is a splendid timber, lasting
